

FIRE RELATED PRODUCT RECALL NOTIFICATION

Lenovo ThinkCentre M90z all in-one desktop PC	
14 March 2012	ACTION - New Zealand recall
Problem	The power supplies in those PCs may include a defective component. This component can overheat and pose a fire hazard.
Details	This recall effects certain ThinkCentre M90z all-in-one desktop PCs sold between May 2010 and January 2012.
What to do	<p>Customers should immediately contact Lenovo Services New Zealand on 0800-733-222, or visit Lenovo's website at www.lenovo.com/aiopsurecall to determine if their ThinkCentre M90z desktop PC is part of the recall and to schedule a service appointment for power supply replacement.</p> <p>Lenovo will replace the power supplies inside affected PCs free-of-charge. Until the power supply is replaced, consumers with affected PCs should immediately stop using the PC and unplug the power cord.</p>
