**Information Request – New Appliances and Stations Dunedin**

We refer to your official information request dated 25 May 2023 asking for the following information.

*I would like to request information regarding plans for new appliances and stations being built, including any stations being refurbished in the Dunedin area within the next 5 years.*

In accordance with the provisions of the Official Information Act 1982 (OIA), please find below a response to your request.

**New Appliances**

Please find *enclosed* the current Fire and Emergency New Zealand Appliance Cascade Plan which includes the plan for Dunedin appliances. Dunedin are due to receive one aerial appliance and one incident support vehicle within the next five years. Please note, that it is expected that there will be other new appliances within this time, but the quantity and timing has not yet been determined.

**New buildings and refurbishments**

Fire and Emergency currently have no approved plans for any new stations to be built in the Dunedin area within the next five years. We are continually carrying out minor maintenance to all stations, but at this stage we have no significant refurbishments planned.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.
