Apologies:

Bruce Stubbs	Region Manager, Te Upoko
Bryce O'Donnell	Chief Fire Officer, Pahiatua Fire Station
Lucy Chamberlain	National Manager, Local Advisory Committees
Shane Lau	Senior Advisor, Local Advisory Committees

Welcome

The Chair welcomed everyone to the meeting, which was opened with a karakia tīmatanga. Introductions and whanaungatanga were carried out.

Committee operations

There were no amendments to the members register of interests.

The minutes of the LACs previous meeting on 1 October 2004 were confirmed by the Committee.

Action points were reviewed and updated.

Board Response to the LAC Insights Report for 2023/24

The committee agreed that the response from the Board on the LAC Annual Insights Report was comprehensive and more informative than previous years. They noted that it was good to see that the board had asked the LACs to follow up in some areas.

The committee agreed there were a number of items where they can now close the loop on and feedback to the community.

Report from Chief Fire Officer (CFO) of Pahiatua Fire Station

Glen Varcoe gave an update on behalf of the CFO, who unfortunately had been called away.

Pahiatua is one of four main stations in the South Hawkes Bay. Pahiatua is busy, well run and has a good leadership succession plan in place.

Issues touched on included challenges with the fleet, and fleet care, addressing the gaps with property, and coverage of skills across the region specific to community needs.

Engagement Plan sign off

The committee confirmed their engagement plan for the first half of 2025. This will be completed by the Senior Advisor and sent to the committee for any final amendments.

2024-25 Engagement Plans discussion and analysis

The committee discussed community engagements for the quarter. These included:

- Attending community workshops with the Multi-Cultural Association of Hawkes Bay
- Hastings District Council (on community emergency hubs)
- FMG – regarding concern by farmers on carbon forestry and the risk to individual farmers
- Hastings community meeting (information provision on LACs)
- CDEM – Joint committee with Mayors and Chairs from five councils, and included CEs and iwi leaders

Also discussed was the lack of awareness from the community of when a Fire Permit is issued. This can lead to false call-outs. The committee asked if there is some way to get more information out on a local level as to what permits have been issued.

District Update

The District Manager gave an update on district activities for the quarter including district goals for 2024/25, district initiatives, resourcing and capacity. Of note this year is the early start to the wildfire season and that high danger restricts are already in place.

He noted that the district plan for 2025/26 will be given to the LAC for comment in the new year.

Reihana Turner, has been appointed Pou Takawaenga Māori, for the district.

The District Manager also provided feedback on the Hawkes Bay annual local insights report.

He noted that he has been well briefed throughout the year and that discussion had taken place as issues arose.

Chair meeting the Board on Friday

The committee discussed items the Chair to be raised at her attendance at the FENZ Board meeting on Friday 29 November.

Update from Chair from Chairs Forum

The Chair gave an update from the recent Chairs Forum held in Wellington. There were a number of topics covered and it provided a good opportunity to connect with other Chairs.

NLAC Update

The Senior Advisor gave a brief update on the move from four meetings a year to three and how that will work in terms of planning. Also presented was the NLAC report to the Board on the performance of LACs in 2023-24 which went up alongside the LAC insights reporting. Copies will be provided with the minutes for the LAC.

LAC Q2 Updates

- It appears that the Hawkes Bay community is not easily able to access wildfire information.

General business

The committee discussed the upcoming UFBA conference and whether the LAC would be represented.

Meeting finished at 4pm

Next meetings:

T2 18 March – Wairoa (TBC by Chair) Fire Station?

T3 20 May – Hawkes Bay – Waimarama Marae - TBC by Chair

T 1 16 September – Otane TBC

The meeting closed at 4pm with a karakia whakamutunga at pm.

Action Log

Date	Action	Responsible	Due	Status
