Tēnā koe [REDACTED]

Thank you for your request of 29 June 2025, to Fire and Emergency New Zealand requesting details of all projects-in-flight or approved business cases for upcoming works nationwide under the Official Information Act 1982 (OIA).

Please find attached, as the **Appendix** to this response, an updated list of the projects that fall within scope of your request, by region. Please note:

- Projects in-flight is defined as projects we have work underway on and approved business cases are those where we have an approval to get underway but are not yet at a stage where work has begun. The list includes both.
- The list only includes larger capital projects and therefore does not include minor capital renewals (such as replacing carpet or installing an exhaust fume management system) or planned and programmed maintenance (PPM).

We trust that the information being provided is of assistance. If you require further information, please email officialinformationrequests@fireandemergency.nz

Nāku noa, nā
