17 March 2025

Ref: 17266

Tēnā koe

Thank you for your emails of 1 March 2025, to Fire and Emergency New Zealand, requesting information relating to appliance cascade plans for the Northland region. Your request has been considered under the Official Information Act 1982 (OIA) and our response is below.

1. *I would like to request information regarding plans for new appliances being built or getting replaced for the northland area*

Appliance cascade plans for all new appliances being received in 2025 are yet to be determined. For this reason, this aspect of your request is refused under section 18(e) of the OIA, as the document alleged to contain the information requested does not exist.

2. *And I would also like to know if there are any other plans about replacing fire trucks around mid north area in northland*

Please find attached, as an **Appendix** to this response, the current cascade plan for Fire and Emergency (up to March 2025) which include plans for Northland appliances.

3. *I'd like to do other OIA to request to get a appliance cascade plan for northland area for 2025*

Fire and Emergency do not have an updated fleet cascade plan for 2025. For this reason, this aspect of your request is refused under section 18(e) of the OIA, as the document alleged to contain the information requested does not exist.

4. *I would also want to know information where the old Kerikeri 6711 is going after it gets replaced with a 2025 Hino 500*

Please refer to page eight of the attached **Appendix** for the current plans for this appliance.

We trust that the information being provided is of assistance. If you require further information, please email officialinformationrequests@fireandemergency.nz

Please note that because of the identified public interest in the information that you have requested, we intend to publish this response (with your personal details removed) on our website.
