Tēnā koe

Thank you for your request of 1 July 2025, to Fire and Emergency New Zealand requesting an overview of fleet expenditure in the last five years. Thank you for your subsequent request of 22 July 2025, amending your questions. Your request has been considered under the Official Information Act 1982 (OIA) and we copy and respond to your questions below.

1. Total amount spent on purchase or procurement of appliances, by type;

Please see the table below showing the total amount spent on purchasing appliances in the last five financial years, broken down by appliance type:

Vehicle Type	FY20/21	FY21/22	FY22/23	FY23/24	FY24/25	Total
Aerial	\$0.00	\$0.00	\$0.00	\$7,810,957	\$271,068	\$8,082,025
Medium double cab	\$2,469,377	\$3,787,642	\$2,638,477	\$669,614	\$96,325	\$9,661,435
Specialist Vehicle	\$349,700	\$531,763	\$604,734	\$1,445,158	\$178,511	\$3,109,866
Tanker	\$1,606,421	\$2,175,915	\$3,459,840	\$1,746,135	\$2,186,352	\$11,174,663
Type 1	\$7,217,526	\$2,033,239	\$4,947,509	\$6,082,780	\$3,863,629	\$24,144,683
Type 2	\$4,650,950	\$2,498,690	\$1,204,417	\$121,047	\$0.00	\$8,475,104
Type 3	\$6,338,410	\$1,531,889	\$3,422,716	\$7,399,027	\$13,638,675	\$32,330,717
Total	\$22,632,383	\$12,559,138	\$16,277,693	\$25,274,719	\$20,234,559	\$96,978,493

2. Total amount spent on repairs of appliances, by region;

Please find attached, as **Appendix One** to this response, a table showing the total amount spent in the last five years, broken down by appliance, and by region. Please note, these costs are attributed to approximately 1300 appliances across the country.

3. *Total amount spent per type 3 appliance, including registration;*

Please find attached, as **Appendix two** to this response, a table showing the total amount spent on Type 3 appliances in the last five years, including the registration.

4. *A separate document outlining any "major" repair expenses that are above \$20,000 on aerial appliances;*

Please find attached, as **Appendix Three** to this response, a table showing the cost of repairs over \$20,000 for aerial appliances. We wrote to you on 15 July asking you to clarify what you meant by "major" repairs. As noted in our email of 15 July, these costs could be a single work item or many small items that were done together so the total cost was more than \$20,000.

This difference is not apparent from the short invoice description that our system captures. To provide more detailed information would require significant manual work to collate. It would require us to open each invoice stored in PDF form, analyse it and capture the work description in the invoice in a format suitable for reporting.

5. *Total amount appliances have been sold, or disposed of, identified by individual registrations and region.*

Please find attached, as **Appendix Four** to this response, a table showing the total amount of appliances that have been sold in the last five financial years, with the registration included.

Please find attached, as **Appendix Five** to this response, a table showing the total number of appliances that have been disposed of, including the registration and region. Please note, the appliance region numbers provided in the disposals list reflect the following:

- Region 1 - Te Hiku
- Region 2 - Ngā Tai Ki Te Puku
- Region 3 - Te Ūpoko
- Region 4 - Te Ihu
- Region 5 - Te Kei.

A full description of the areas included in each region can be found [here](#).

We trust that the information being provided is of assistance. If you require further information, please email officialinformationrequests@fireandemergency.nz

Please note that because of the identified public interest in the information that you have requested, we intend to publish this response (with your personal details removed) on our website.

Nāku noa, nā

Aidan Saunders
