

Fire Related Product Recall Notice

Date issued: 11 May 2017

Tigerlily Scented Candles

Recall expansion: now includes all tigerlily candles in brown glass.

Sold at Tigerlily stores in Newmarket and Takapuna, Auckland from June 2011
A smaller number of units were also sold at Amazon surf stores.

Problem

When alight the candle may give off excessive smoke, the flame may flare up, and the glass container may overheat and/or shatter.

If the candle flares up it may pose a risk of injury from broken glass, uncontained hot wax, as well as from fire and smoke.

Details

Cylindrical scented candle with two wicks encased in brown tinted decorative glass sold in the following scents: Viva, Del Est

The recall now applies to all candles in brown tinted glass, whether batch coded or not. Previously, only candles without batch codes were affected.

What to do

Stop using your candle and return it to your nearest Tigerlily store for a full refund, replacement or voucher.
